

CDL RADIOS

RESIDENTIAL COMMERCIAL INDUSTRIAL

CDL represents Motorola, the leader in radio communications for your work teams. Motorola technology means integrated voice and data and clearer voice communications.

Digital quality throughout your coverage area with volume that automatically adjusts to compensate for background noise.

Why Motorola?

Bluetooth® audio is embedded right in the radio

Loud front speaker that automatically adjusts radio volume

Superior units with long battery life

Motorola digital technology works with your current analog units

Superior training and maintenance from CDL professionals

CDL began in the electric business in 1964 and over the years has expanded with twelve additional divisions to meet the needs of home owners and businesses in the 4-state region. With offices in Southeast Kansas and Southwest Missouri and crews throughout the country, one call gets CDL professionals to create solutions for you.
